

Office of National Drug Control Policy

# Can you spot the children of substance abusers?

**If it were easy, you wouldn't  
need our poster.**

A child whose parent does drugs or drinks too much may be the captain of the soccer team. Or the president of the honor society. And you may have no idea they're in trouble.

Call **1-800-788-2800** or log on to **[www.theantidrug.com](http://www.theantidrug.com)** to get free posters and brochures that encourage children of substance abusers to get help. Because for any of these kids, it helps just to talk.

**Let them know you care.**

**COMMUNICATION.**  
T H E A N T I - D R U G .

The incidents portrayed herein are fictitious. No identification with actual persons is intended or should be inferred.
