Status of Planned Emergency Operations Center Sandia National Laboratories/New Mexico

Michael Knazovich

Manager, Emergency Management

(505) 844-4418

mwknazo@sandia.gov

Sandia is a multiprogram laboratory operated by Sandia Corporation, a Lockheed Martin Company, for the United States Department of Energy's National Nuclear Security Administration under contract DE-AC04-94AL85000.

Present Emergency Operations Center (EOC)

- The present EOC was built in 1949 as a Guard HQ

Charter of Emergency Operations Working Group (EOWG)

- **Investigate how Sandia can fulfill its *responsibilities* in support of the National Emergency Response Program(s) and on-site emergencies in an optimal manner.**
  - **JTOT, ARG, RAP, CM and On-site Emergencies**
- **Come up with a recommendation for SNL executive management relative to:**
  - **EOC capabilities including facilities and other infrastructure**

Activities of the EOWG

- Numerous:
  - Meetings
  - Interviews
  - Benchmarking Trips and Tours
  - Briefings to DOE/NNSA

EOWG Recommendations

- Near Term – Fix up the current EOC

EOWG Recommendations

Mid/Long Term –

- A new location to accommodate all EM/ER Personnel, equipment and facilities
- Consolidate 911, CAS Monitoring and other functions within the new facility
- New facility to be called the "National Security/Emergency Management Center" (NSEMC)

EMERGENCY MANAGEMENT ISSUES

New Facility Funding Issues

- This will be a Line Item project
  - Facilities & Infrastructure Recapitalization Program (FIRP)
    - Doesn't seem to "fit"
  - NA-55 – Office of Nuclear Safeguards and Security Programs
    - Agree with need, not viewed as an S&S project
  - NA-40 – Office of Emergency Operations
    - Under consideration

Project Status

- Project added to SNL Ten Year Comprehensive Site Plan
- Architect Engineer firm hired for CD-O
- Funding issues being worked

Statement of Mission Need, CD-0

- The “Statement of Mission Need” document has been drafted

Critical Decisions

- **CD-0** Approve Mission Need
- **CD-1** Approve Preliminary Baseline Range
- **CD-2** Approve Performance Baseline
- **CD-3** Approve Start of Construction
- **CD-4** Approve Start of Operations
