

Postgraduate Research Associate Position
Oak Ridge National Laboratory
Metals and Ceramics Division

The Corrosion Science and Technology Group in the Metals and Ceramics Division at Oak Ridge National Laboratory (<http://www.ornl.gov>) has an immediate opening for a postgraduate research associate. A strong background in physical metallurgy and thermochemistry, gas-metal reactions, or corrosion is desired. Experience with refractory metals or liquid metal corrosion would be a major plus. A PhD or MS, completed within the past five years, is required. Appointment is for a full-time one-year position, with potential for renewal, dependant on funding availability. The successful candidate must be a U. S. citizen.

Applicants should email a résumé and list of three references to:

Michael P. Brady, PhD, e-mail: bradymp@ornl.gov; or mail to MS 6156, Oak Ridge National Laboratory, Oak Ridge, TN 37831-6156. E-mail submission is preferred. We will begin reviewing submissions immediately and will continue to do so until the position is filled. The desired start date is no later than January, 2005.

Please reference the position title and number (ORNL04-20-M&C) when corresponding about this position.

This appointment will be offered through the ORNL Postdoctoral Research Associates Program (<http://www.ornl.gov/orise/edu/ornl/ornl-pd/ornlpdoc.htm>). Salaries will be competitive. The postdoctoral program is open to all qualified individuals without regard to race, color, age, religion, sex, national origin, physical or mental disability, or status as a Vietnam-era veteran or disabled veteran.
