**Average Training Hours
per SSO Employee:
Trending**

Figure 16.c depicts the average annual training hours per SSO employee as compared to the combined ORO, PNSO, SSO, and TJSO annual average. Information available from the CHRIS database is shown, beginning with FY 1998.

Lost Training Opportunities and Costs: FY 2008

ORO maintains a tracking system within CHRIS to report no-shows and late cancellations of courses where payment was required. “No-show” means that the employee signed up for the course but did not attend. “Late cancellation” is defined as cancellation outside the cancellation policy. When a registration or tuition fee is paid but the course is not attended by an SSO employee or the course is cancelled too late to avoid paying the fee, there is no value received by the employee or the organization. This results in lost training opportunities and lost training costs, as shown below.

Continuing and Advanced Education

Continuing and advanced educational attendance is strongly encouraged and supported by DOE and ORO management. HCAG maintains a tracking database through CHRIS for attendance at courses provided by institutions of higher learning.
