Introduction

Introduction

The Human Capital Assessment Group (HCAG) is responsible for the training needs analyses and the design, development, delivery, evaluation, and administration of all employee training and education programs for the U.S. Department of Energy (DOE) Oak Ridge Office (ORO), Pacific Northwest Site Office (PNSO), SLAC Site Office (SSO), and Thomas Jefferson Site Office (TJSO).

The HCAG mission consists of two major activities:

- Develop and manage a centralized program for training, education, and human resources development to support line management, assuring that ORO, PNSO, SSO, and TJSO personnel are technically competent and proficient in the execution of assigned duties.
- Provide technical assistance to the site offices in the evaluation of contractor training programs to ensure that programs satisfy regulatory requirements and the needs of ORO, PNSO, SSO, and TJSO customers and stakeholders.

HCAG accomplishes its mission through a variety of functions, enabling ORO, PNSO, SSO, and TJSO Federal employees to acquire appropriate education and training that will enhance their technical skills, improve job proficiency, and meet regulatory requirements.
