

**U.S. Department of Energy - Oak Ridge Office**  
**Training and Development Group**  
**Training Course Bulletin**

---

**Course Name:** K-25/27 & K-1065 DSA/TSR

**Course Number:** 002179

**Session Number:** 0001

**Description:** This one-day course will discuss the existing safety basis for K-25/27 and K-1065 (i.e., the Documented Safety Analysis and the Technical Safety Requirements). The class will provide specific training on why controls for specific facility operations are required, the types of controls required for those operations, and how the available controls documented by the safety basis protect those requirements.

**Audience:** ORO EM Facility Representatives who are completing ETTP Cross Qualification and SSOs (Others may attend on a space available basis. Personnel who have responsibilities at the subject facilities may find the training of interest.)

**Instructor:** Terry Owen

**Date(s):** April 21, 2011

**Time:** 8:00-4:00

**Location:** Oak Ridge Federal Office Building, Room G059

**Slots:** 30

**Cost:** No Cost

To register:

Federal employees should access the TDG homepage and forward a completed electronic Training Request Form <http://www.ornl.gov/tdd/tddreq.htm>.

For additional information, call (865) 576-1082.
