

U.S. Department of Energy - Oak Ridge Office
Training and Development Group
Training Course Bulletin

Course Name: PMCDP – ENVIRONMENTAL LAWS AND REGULATIONS

Course Number: 0001046

Session Number: 0030

Description: This course will train DOE Federal and contractor personnel in the details of the major environmental requirements in order to ensure they are knowledgeable about their responsibilities for environmental protection and compliance and to assist them in carrying out these responsibilities. Upon completion of the training, all participants should be able to describe the intent of the major Federal environmental laws. Executive Orders, and regulations and understand the detailed processes involved in implementation of major environmental requirements by the Department of Energy.

Audience: Federal Project Directors and Program Managers; integrated project team members, prospective Project Directors, or any DOE employee with an interest in a basic introduction to environmental requirements as they apply to DOE's project lifecycle.
