**Course Name:** PMCDP Project Management Simulation

**Course Number:** 001029

**Session Number:** 0019

**Description:** This course is required for Project Management Career Development Program (PMCDP) Level 2 Certification. It covers a range of project management issues specific to the competency needs of a Level 2 Project Directors. The objective of this course is to allow the students to have the full project management experience through an automated simulation. The simulation case study and discussions of actual projects presented by the students will be worked through the simulation exercises so that the student can have hands on experience of all aspects of project management for related projects. The simulation covers a range of high-level project management issues included in the Level 1 courses and the Level 2 Project Management Course. The simulation will not specifically teach these subjects but provide for simulation exercises that exercise the knowledge and skills of specific topics. This course will consist of a one-week Project Management Simulation. The course will be inclusive of e-learning, knowledge management tools, a learning organization approach, team collaboration exercises, independent exercises, group dynamics and automated simulation tools. The objective of this course is to prepare the student to address Executive Project Management Responsibilities for subject areas described in the course description. The student will be able to work through all aspects of the Case study and defend the course of action chosen. The objective of this course is to allow the students to have the full project management experience through an automated simulation.
