

SAIL Campaign Breakout Session Agenda:

11:00 – 11:15

Presentation: Campaign Overview

Presenter: Dan Feldman

11:15 – 11:25

Presentation: Precipitation Observations and Process Study Opportunities

Presenter: Chandra

11:25 – 11:35

Presentation: Aerosol Observations and Process Study Opportunities

Presenter: Allison Aiken

11:35 – 11:45

Presentation: Aerosol/Precipitation Interaction Study Opportunities

Presenter: Jiwen Fan

11:45 – 11:55

Presentation: Land-atmosphere Interaction Study Opportunities

Presenter: Ryan Sullivan

11:55 – 12:05

Presentation: Testing Integrated Process Models with SAIL data

Presenter: Dave Gochis

Discussion topics:

- ARM data products and needs
- Connecting to mountain hydrology research
- Testing Earth System Models
- Intensive Operations Periods
- Other outreach opportunities
