

SECTION 3.1

JOB HAZARD ANALYSIS

SURVEY MOBILIZATION AND DEMOBILIZATION

1.0 Discussion: Job hazards associated with survey mobilization and demobilization are minimal. General duty hazards do exist and are presented below together with standard controls.

1.1 Pre- and Post-survey Activities

JOB HAZARD ANALYSIS		
ACTIVITY	HAZARDS	CONTROLS
A. Packing/unpacking equipment	A1. Back injury	A1. Use proper lifting techniques
B. Loading equipment	B1. Back injury	B1. Use proper lifting techniques
C. Transporting equipment	C1. Compressed gas hazards	C1. Cap all cylinders, secure cylinders using straps or use transport boxes, use packing box when transporting the pressurized ionization chamber.
